## PRESIDENTS MESSAGE...JAMES WEEKES

Community by Definition:

1. the people of a district or country considered collectively, esp in the context of social values and responsibilities; society;
2. feeling of fellowship with others, as a result of sharing common attitudes, interests and goals;
3. *work done for the community*: public, general public, populace, people, citizenry, population, collective; residents, inhabitants, citizens.

All these things are part of what makes up a community.

## Eastgate is a Community

It has thrived on the hard works of people who give up their time and sometimes monies to try to make this one of the best communities in Columbus; sometimes without an "at a boy or girl" for their long labors. Time passes and we get older and the workers become fewer and the same loyal people keep going in the name of the community. They look for help but the young are too busy and the old are getting tired. In this day and time many are just tired and want to live their lives in their own fortress of solitude.

I would like to take the time to say well done you loyal Eastgaters who have given your time and labors to make this community a bright star. Thank You, Thank You, Thank you so much.

How can we get everyone to do a little, Just a little?

## COMMUNITY YARD SALE

Thanks to all who participated in this months community yard sale. My sister, niece and I made over \$100. It was nice to stay home and collect money. Always remember some ones trash can be someone else's treasure. Turn those items you don't want into cash. Someone is always

willing to buy. Anyone wanting to help organize the next yard sale please contact me at fluellenp94@yahoo.com

## Crime Alerts

Officer Jackson came to our May 6th meeting and discussed the hotspots of crime in our area and the surrounding communities and answered questions from the community.
