Because we are a community and our homes may be the largest investment we have, we share the value of these properties with one another. If I let my yard get run over with weeds and junk, a potential buyer driving pass may become fearful and not want to invest in our neighborhood. Our actions can have a effect on the potential value of our property.

I have been very fortunate to have John McFadden as my neighbor, when I am sick, hurt or away my grass is cut and maintained, my snow is blown and I usually have soup offered to me. I try to be a neighbor like John. Looking out for each other is what it takes to be a good neighbor. Think about how to help our elderly and introduce ourselves to our new neighbors.

That's the Eastgate Way

City Services 311 can help. 311 can answer

Blockwatch Alerts

Make sure you get the Security Education article "Not all thieves are stupid" sent in the last email by our Lisa Foster. Moral of the story- Do not leave your remote control in your car if valet parking, long term parking or if your car is parked in your driveway. Thieves can have access to your garage and your home with this little device. If we do not have your email please email me at fluellenp94@yahoo.com

Community Meeting

Monday August 5th

6:30pm Eastgate Elementary School

How is your garden growing?

I have had problems with groundhogs and possum. Have tried cayenne pepper, mint plants, mothballs and finally got an animal trap from Lowes. **Trap and release!** What a difference! Beans, peppers, tomatoes, cabbage. Cucumbers didn't make it. Send me your stories I would like to hear from you
