## Mark your Calendars!

The Eastgate holiday party will be held on  
Saturday, December 12 at 3:00 at the home  
of Kristen and Marcus: 415 N. Nelson Road.

Please bring your festive spirit and a dish to  
share!

Pat Fluellen, EGGCA Treasurer, is starting an initiative to increase volunteerism in our neighborhood. She will be contacting neighbors to find out what their skills and interests are. Contact Pat if you'd like to be a part of this effort!

## Calling new EGGCA officers!

At the end of the 2015 calendar year, we will be nominating and electing officers for the next 2 year term.

If you have ideas about what would continue to make Eastgate a great neighborhood, what would bring neighbors together, and how we should continue to move forward, please consider serving your neighborhood as an officer or volunteer.

If you have questions or are interested in being nominated, please contact any of the current officers or board members.

This project is made possible through the generous contributions of several organizations in support of the Neighborhood Partnership Grants program.

## **Did you know?**

The **City of Columbus** has a free app, **My Columbus**, for mobile phones allowing residents enhanced access to community resources. It encompasses 4 mayoral initiatives: My Neighborhood, Get Active, Get Green, and 311.

The My Neighborhood campaign allows residents to access COTA bus schedules, learn about Neighborhood Pride areas and events, and view Health Inspections of area restaurants, markets, pools, spas, and tattoo parlors.

The Get Active initiative enables residents to access information about parks, community centers, golf courses, pools, and sports facilities. You can also view an events calendar and get park and trail guides.

The Get Green initiative encourages sustainable behavior with environmental facts and pointers in addition to information on what restaurants, business and non-profit organizations are GreenSpot members.

The app also includes a 311 service center submission section where residents can submit and check on the status of service requests from their mobile devices. In addition, residents can enter their address in the settings to customize the app to send push notifications about trash, recycling, and yard waste days.
